

Hi there!

I would like to submit work by three students from my class for the Peace Works! Project.

The students are all in Class 5 (grade level 4) at are International School of Geneva Pregny Campus.

Our address is :
Paula Baxter/Class 5
International School of Geneva Pregny Campus
14 route de Pregny
1292 Chambésy
Geneva, Switzerland

Peace is Great

Peace is good.
Peace is great.
Peace is communicating not fighting.
If we didn't have peace the world would be fighting
Some people would communicate, but most people wouldn't and
people would be arguing everywhere.
So we have to be peaceful everywhere and every time to keep peace
on earth.

by Dimitri Tsitos

Peace Instead of War

*War is cruel, evil, wicked and dangerous. Homes are destroyed, people get injured and killed. Bombs explode causing fire and disaster. People are frightened, terrified and shocked.
Children suffer because they are not protected.*

People fight wars for many bad reasons. For example, to conquer countries, to get gold and diamonds or over religion.

Peace is when there are no wars, when people are tolerant of other people's ideas and beliefs. When there is peace, people can do important things like helping each other and living in harmony.

If nations spent their money on education and hospitals instead of armies and weapons, then it would be a more peaceful world.

by Vanessa Mathews

If peace was a friend

If peace was a friend,
It could be my friend and we would live in harmony.
All the wars would stop, all the starvation would end
Peace will have made everybody friends and everything joyful
Because peace is the best gift anyone could have.
